

Would you like to see more thinking in the classroom?
Do you think your organisation can benefit from an effective problem solving approach?
Are you interested in contributing to the establishment of a thinking tradition at home & school?

Join us for the International Conference

Creativity & Thinking Skills in Learning, Teaching & Management

19-20 September 2014, Riga, Latvia

You are invited to submit a proposal to one of the conference strands by 15 April 2014:

Innovations in the classroom
Innovations in educational management
Innovations in family learning

The conference will bring together teachers, teacher educators, managers, policy makers and researchers interested in innovations in education. The first TA Teachers conference attracted 85 participants from 20 countries.
